

WONDER WARS

NEW UPDATE

In version 1.1.16, the developers have introduced a captivating creature system featuring 42 new creatures. At the same time, a new building has been added, specially designed for cooking these creatures. This building allows you to use ingredients obtained from chests to prepare various recipes.

THE CLANS

In addition, new skins for clan chests have been added, bringing a renewed aesthetic touch.

We've also made significant improvements to clans. A tier system for clans has been implemented, offering progressive rewards.

These new features enrich the gaming experience by adding elements of strategy, cooperation and customization, allowing players to immerse themselves even more deeply in the game's universe.

NEW ALLIANCE

@BGameAlliance

Hello Monster joins the BGA Community

Hello Monster, creator of the Wonder Wars game, is delighted to announce its integration into the Blockchain Game Alliance (BGA) community. This event marks another step in the brand's commitment to offering unique, immersive gaming experiences.

Hello Monster stands out for its ability to tell compelling stories through its gameplay. This integration aims to bridge the gap between these two worlds of Web2 and Web3, enabling players to benefit from an enriched and innovative gaming experience.

By joining the BGA platform, Hello Monster paves the way for a new era of interactive entertainment, where every player can immerse themselves in fascinating stories and enjoy the benefits offered by modern technologies. This move is in line with the brand's desire to push back the boundaries of gaming and offer ever more engaging and memorable adventures.

Introducing the different clans

MadFenix

I'm delighted to welcome Mad Fenix Games, the promising new entrant in this edition of the clan tournaments.

Under the guidance of their dedicated leader, Valentí Gàmez, this ambitious group is set to make their mark on the competition.

We wish them every success and look forward to seeing their performances. Good luck to Mad Fenix Games!

@MadFenixGames

@DuckTribe_DKT

Duck Tribes

Duck Tribes is a clan originally created out of necessity to compete in the tournament. Today, its leader, DonPato, has a clear objective: to lead the team to victory.

In the future, he plans to either disband the clan or hand it over to someone he trusts.

@TeamQuesoGG

Team Queso

TeamQueso is the behemoth of this tournament.

Headed by Alvaro845 and captained by Ornitorrinco, this team excels in many video games.

For Wonder Wars, their ambitions are to maintain a good atmosphere while continuing to rack up victories.

NNT

Initially, NNT was created by Pabloz and Pollosauriorex, together with Captain Edehbe, with the aim of winning awards.

However, the objectives have evolved.

Now, the team is focusing on the pleasure of playing with people who love Wonder Wars, with an emphasis on good relationships and a friendly atmosphere.

Icnix Gaming

Edunoarde's aim in creating the team was to gain experience in the world of e-sports.

Wonder Wars gave him the opportunity to build a team from scratch and gain the experience he was looking for.

For the future, the aim is to develop this community and extend it to other video games.

Ares Core

@AresCoreGOD

By joining the Wonder Wars community, Ares Core wanted to explore new horizons.

Ares Core's main objective is to offer opportunities to new players, enabling them to stand out and progress in the game.

BCN Pro Team

BCN Pro Team is a team founded in 2016, engaged in tournaments since that same year.

Wonder Wars was the opportunity for this team to officially make its debut as a competitive team.

Their ambition for the future is to become the best team in the game.

Ameratsu Butai

Ameratsu Butai is a new team formed following the bad experiences of Fusyon EC.

AkaPelu and his team have decided to create something new and different.

The team's main ambitions are to improve their skills in order to achieve the goal of winning the various tournaments organized by Wonder Wars.
